PTA Frolic to Aid Fluoride Project

The Bethel PTA "Frolic" will be revived Friday, Nov. 17, at Crescent Park School. Proceeds from this popular evening of family fun will benefit the sodium fluoride project to be held for Bethel schools. The Parent-Teacher Association is making co-sponsorship of this project a major part of their program this year.

Frolic Chairman, Clifford Hillier, has announced that festivities will start at 5:30 p. m. when supper will be served from the cafeteria. Under the direction of Mrs. Erlon Paine, a menu of baked beans, hot dogs, rolls, salads, dessert, coffee and milk will be offered at a low, family price. The serving hour will extend to 7:00.

At 7 o'clock a variety of activities for all ages is scheduled to go into operation. The Methodist Youth Fellowship will supervise a record hop from 7 to 10 p. m. In another room Steve Jacobs will be at the projector to show some new films to interest the younger frolickers. Mrs. Ethel Robertson, Louis Paul and Lewis Sargent will offer games to challenge wit and skill.

Throughout the evening, refreshments will be sold; and a food and candy sale will be conducted by Mrs. Clifford Hillier.

The pre-holiday family Frolic is planned for pleasure, as well as to aid a worthy community project. Folks are reminded that they may come for all, or any part, of the PTA Frolic.

TO HOLD YOUTH RALLIES
IN BANGOR

Hundreds of Maine junior and senior high young people will participate on Nov. 11 in rallies sponsored by the Youth Committee of the Maine Council of Churches in Bangor and Portland, and open to all church youth and their adult leaders.

Held annually in the fall for church youth from grades 7 through 12, the rallies last year were so largely attended it has seemed advisable to hold two for each age group. The First Baptist Church, Bangor, and Central Square Baptist Church, Portland, will be hosts to the senior high youth, whose program will be centered around the theme, "Responsible Christian Freedom in Love and Life." At each place, a panel of four persons will open the discussion of the theme, with small group discussions following.

At each senior high rally, a closing inspirational message will be given, at Bangor the speaker being Rev. Ronald E. Mosley, D. D. of Bar Harbor, and at Portland, Rev. Bernard D. Alderman, Livermore Falls.

Junior High boys and girls will gather at Hammond Street Congregational Church, Bangor, and at Clark Memorial Church, Portland, for get-acquainted activities, and then will leave the churches to make visits to institutions in each community. They will visit such places as the YMCA, and other youth-saving agencies, a hospital, Jewish Temple, a newspaper, a college, and similar agencies. On their return, they will meet in small groups to evaluate the way people are served in the community and the way church groups may relate themselves helpfully to community needs. About 25 adult leaders will work with the junior highs as guides and counsellors in the day's experience.

At the senior high rallies special discussion groups are to be provided for adults working with youth, with Prof. Clarice Bowman of Bangor Theological Seminary in charge at Bangor, and Rev. Stanley B. Hyde in charge of the Portland discussion.

Reason is nothing but the analysis of belief.

TYLER - HARTLEY

A pretty fall wedding was celebrated on Saturday afternoon at the Universalist Church, where Sylvia Joanne Hartley, daughter of Mrs. Gretchen Greer of Augusta and Bernard Hartley of Denver, Colo., and James Harold Tyler, son of Mr. and Mrs. Harold G. Tyler of Bryant Pond, were united in marriage. A candlelight service was held with the Rev. Jasper Bean of Sumner performing the double ring ceremony.

The bride, attractively gown-ed in a street-length champagne brocade tulle with an ermine collar and ermine accessories, was given in marriage by her uncle, David C. Robbins of Westbrook.

The matron of honor was the bride's mother who wore a shimmering emerald and white dress with moss green accessories and a white tulle corsage. The groom's mother wore a multi-colored jersey print with matching accessories and a corsage of bronze mums. Ansel Evans was best man, Misses Elmer and Bethany Andrews were bridesmaids.

Traditional wedding music was provided by Mrs. Addelyn Mann, organist, who also had charge of the decorations which were mums, pine, and white candles. Mrs. Ansel Evans, soloist, sang "I Love You Truly" and "Because."

Immediately following the ceremony a reception was held at "Gret's Lodge" on Shagg Pond, where about 100 guests greeted the bride and groom. Johann Anthony, close friend of the bride, was in charge of the gift table and the guest book.

The couple will be living at the Mary Bartlett home on Lake-de Drive in Bryant Pond after a short wedding trip.

Mr. and Mrs. Edward Mosher, Boston, were week end guests of Mr. and Mrs. Harold G. Tyler.

Mrs. Frank Packard and children, Richard, Jody, and Mark, attended the wedding and reception of Miss Eva Day and Harold Waterhouse at the Universalist Church, West Paris, last Saturday afternoon. Bonnie Kury, twin son of Mr. and Mrs. Sherwood Burk, is recuperating at the GMC Hospital following a very severe attack of asthma.

Margaret Cary's little daughter was taken to the Stephens Memorial Hospital, Norway, Saturday, when she suffered second degree burns when she upset a cup of hot liquid on herself.

Jack Allen, Rm 2, US3 Post, New London, Conn., is spending a 30 day leave with his parents.

Mr. and Mrs. Holly Bang are leaving for the winter.

Stephen Howe, student of Bethel College, is spending his week end at his home.

Miss Margaret McAllister, organist of Bethel Church, attended the reception of the Bryant Pond wedding on Saturday evening.

Deputy Sheriff of Jefferson County will be held Friday night at the home of Mrs. Alice McAllister, daughter of Mrs. John McAllister, Bethel, who is in charge of the fair.

COUNTRY FLAVOR

DISCOMFORT INDEX

A citizen is not necessarily opposed to scientific progress because he objects to specific modern contraptions. It has been difficult enough for the countryman to adjust to the modern stove with its bells, zongs, sirens, whistles and euphonics that start and stop an oven by ultra violet rays. A middle-aged man understood the spacious, polished, woodburning stove with its warming oven above, and porcelain-lined water tank on the rear.

Now a company has developed a complex machine that will measure human discomfort. It is reported to be the first of its kind in the world, and doubtless will be hailed as another example of high-level, modern living.

This is a "direct reading device." It is "capable of telling you just how uncomfortable

you are on a hot, muggy summer day." Perhaps it will also tell a man how cold he is on a zeroish day in winter, when the wind is blowing a gale as he comes down across the upland pasture after chopping wood in the upper woodlot.

The countryman is definitely opposed to the idea. When he is cutting ice on a bitter day to insure a cold milk trough next summer and enough of the cold stuff to make a few batches of hand-cranked ice cream, he knows he is uncomfortable. On a hot summer day when he is hoeing his Golden Bantam corn and red kidney beans, the moisture dripping from his nose is proof of the situation.

And if a machine registered his high discomfort when he is storing hay under the eaves of the barn on a blistering July day, he would be tempted to stop his labors. We think the time has arrived for the scientists to stop telling us so much about ourselves or we will be more uncomfortable than we now are.

LETTERS TO THE EDITOR...

Dear Editor:

As a subscriber to "The Bethel Citizen," I read the article "The American Way—The Conservative Movement" by Willie E. Stone, with some shock—particularly in view of the fact that the other side of the issue was completely ignored.

The type of thinking which surrounds this "Americanism" movement is not conservative in any true sense of the word but radical and unrealistic.

In it "American" is being living in the 1960's instead of the 1960's? Is it American to believe that a Constitution written by some of the most daring, forward-looking people of their generation can not be interpreted freely to meet the needs of our generation? If it were not possible to so interpret, we would have had many more Civil Wars in our history and probably many more constitutions.

Is it American to believe falsely that our population still lives in strong family groups in small rural towns surrounded by security so certain that Social Security and medical insurance, even for the aged, are superfluous?

Is it American to believe that for a kid is a waste of money when any knowledgeable person knows that Communism thrives on hunger, poverty and chaos?

Is it American to believe that states should be left alone to do as they please, happily polluting their rivers and frightening their minorities into submission?

Is it American to believe that everyone who disagrees with you is dangerous and should be silenced effectively by being labeled "Communist," a label leading to probable loss of job and prestige? The ultra-conservative movement in question believes these things to be American.

We are living in a land of opportunity where the working classes have homes of their own.

Meditation

Thursday, November 9:
Read Isaiah 26:1-9;
John 14:23-31

My peace I give unto you; not as the world giveth, give I unto you. (John 14:27.)

Peace! How we all long and pray for it in this distracted world! For years the cold war has been fomenting hatred, malice, and all uncharitableness. Many conferences, attended by leading statesmen of the nations, have been held; and very little has been accomplished. Armaments are still being piled up, while millions of people are underfed and suffering.

Why all this unrest, this suspicion, this jealousy? It is because nations and individuals do not acknowledge Jesus, the Prince of Peace, as their Lord. They are not willing to submit themselves to His rule, to obey His teaching.

He came to this world to make peace. By His atoning death on the cross, He has made it possible for men to have peace with God—to know the peace of sin forgiven, the peace of reconciliation, the peace of fellowship with God.

The Prince of Peace says to us, as He said to His disciples long ago, "My peace I give unto you."

PRAYER: O God, Father of our Lord Jesus Christ, may Thy divine peace keep our hearts and minds in the knowledge of Thee and of Thy will. Help us to be Thy peacemakers among men; through Thy Son our Savior we offer our prayer. Amen.

Thought For The Day
God keeps in perfect peace those whose minds are stayed on Him.

FARMERS TO BE PAID FOR POTATOES FED LIVESTOCK
The Department of Agriculture has approved the use of Maine potatoes for livestock feed under the recently announced potato diversion program. Any person who can assure that potatoes diverted by him will be fed to livestock may participate and claim payment for such diversion according to Lawrence A. Chaffin, Executive Director, Agricultural Stabilization and Conservation Service.

The terms and conditions for diversion are the same as those under previous programs, except that payment rates for potatoes diverted will be \$16 per hundred weight through December 31, 1961; 40¢ per hundredweight during January and February; and 30¢ during March and April, 1962, Chaffin said.

People interested in participating should file application and performance bonds with their local county ASCS office. Diversion will arrange with the Federal-State Inspection Service for inspectors to determine the quantity and quality of potatoes diverted and to certify that diversion was accomplished.

plished. Chaffin further stated that potatoes diverted for livestock feed must be processed in such a manner as to render them unsuitable for reentry into normal trade channels. This may be accomplished by cutting, chipping, crushing, cooking or ensiling the potatoes.

To qualify for payment, potatoes must be of U. S. Number 2 quality or better and meet the 2-inch minimum size. Persons interested in detailed information on the diversion program should contact either the State ASCS Office in Orono or their local County ASCS Office.

Boy Scout Charter Night Held A Charter Presentation Night was held at the Town Hall on Tuesday evening for the 22 Boy Scouts, assistants, leader and parents.

The Scouts lined up and gave the Scout Promise and Oath. Color Bearers were William Simmons, Daniel Remington, Howard Perkins and R. Perry Stinson.

Henry Simmons, chairman of the Training Committee of the Rangeley District, spoke on the purpose of the gathering. He introduced Edward Robinson, District Scout executive, who presented Thomas Lovesque who will be receiving the highest award in Scouting this week, the Eagle Badge. Lovesque showed these newly organized Scouts his merit badge.

Robinson then presented the charter to Cabot Lodge Chancellor Commander Herschel Hall, for sponsoring this troop. He in turn presented it to Scout Leader, Alcide Gailant. Robinson presented 22 Tenderfoot pins to the mothers of each Scout who then pinned their son with the pin upside down. When each Scout has done a "good turn" he may pin his pin right side up. Following this each scout was given a small replica of their pin to pin on their mother.

Harlan Libby had already been a Tenderfoot Scout when he moved to this town so he was awarded, by his mother, a Second Class Hiking Badge.

Ira Rodwell and Ralph Stinson, Sr. were awarded assistant cards and Miss Susan Richards accepted one for her father, Maurice Richards. Alcide Gailant will receive his leader certificate when he has completed his three classes in Scout Training.

A film was shown on Patrol Leaders and their duties. The evening's exercises were closed with a pledge to the flag.

PINE TREE COUNCIL'S BOY SCOUTS EXPECTED TO INCREASE BY 1500

The success of the current "Strengthen America Roundup" indicates a rapidly growing Boy Scout membership in the Pine Tree Council according to Clinton E. Rose, Scout Executive.

Large numbers of boys are responding to the opportunity to join Cub Scout Packs, Boy Scout Troops, and Explorer Units in their communities, according to Mr. Rose. They are visiting Scout unit open houses, and going along as guests on hikes and trips and applying for membership.

The roundup membership drive now being carried out by the council is a result of the recent increase of interest in Scouting by boys in this area. The 420 Cub Scout Packs, Boy Scout Troops, and Explorer Units served by the Pine Tree Council are holding special events under the "Strengthen America... Character Counts" slogan, and opening their ranks to new members.

The "roundup," which began in October, will climax in December, according to Mr. Rose as the new members are inducted in special ceremonies with their parents attending.

NEC DRIVE STARTS TODAY

Governor John Reed today kicked off a month long New England Council membership drive in the state of Maine with a strong statement on behalf of the six state regional development organization.

The full text of Governor Reed's remarks is as follows: "Since its inception 36 years ago, the New England Council has been dedicated to the economic well being of the inhabitants of the six states and has worked faithfully for the attainment of that goal.

"Through a succession of progressive policies, it has achieved its objective. It is an organization which enjoys the support of the leaders of New England's business community and the complete confidence of those elected to represent its people.

"The Maine members are proud of their association with the New England Council, which is currently engaged in a campaign to increase its membership ranks within our borders.

"We welcome its representatives and with them every success."

Robert Moulson's tenor voice reflects some of the warmth of the sunny south—he hails from Atlanta, Ga. Having received his musical education at Boston's New England Conservatory of Music, as a protégé of famous Metropolitan tenor Frederick Jagel, he came to New York by way of Washington, where he won the national contest of the Friday Morning Music Club.

Handsome baritone Armand McLane acquired most of his basic "in performance" training while on a tour of duty with the U. S. Air Force. Following his graduation from the Peabody Conservatory of Music in Baltimore, New Yorker

Cross-Country Team Second In the State Meet

Three teams from Maine will compete this Saturday, November 11th, at Storrs, Conn., in the New England Cross-Country Meet. These teams finished in the three top places at the State Meet. Morse came in first in total time, Gould second, and Presque Isle, third.

McLane appeared in a variety of top operatic roles.

The names of these four young artists have not yet been engraved in music's hall of fame, but having acquired excellent, solid backgrounds to augment their fine talents, and having made the initial steps toward stardom in their chosen profession, these are names to watch....and voices to listen to.
